

I needed a website for the Christian Soccer Association adult league AND I needed a website for referees. I was struggling with a name for the website! The story behind "I hate soccer" is that when I first started refereeing soccer, when I came home my wife would ask how were my games and if I replied "I hate soccer", she would know that it was a bad night! Obviously I DON'T hate soccer! It is a catchy website address though, right!?

I manage referees for Atoka, Arlington, Bartlett, Lakeland and Munford. Minimum age for referees is 13. If you would like to be added to my referee list, text me at 901-734-5056.

I send out Emails about a month before each Season (Fall and Spring) to announce the start date and schedule release date. Once the schedule has been released and posted, you can Email me a list of the blocks that you are available to cover - you will need to be able to cover all games in a block. Each game is covered by one referee - no assistant referees.

The Christian Soccer Association league has 3 seasons, Spring, Summer and Fall. Ages are 30 and older for males, 21 and older for females. This is a recreational league. If you have a team and want to participate in the league or if you would like to join an existing team, text me at 901-734-5056.
